

CURRICULUM VITAE

Name: Stephen Richard Lindsay
Date & Place of Birth: 02 January 1965, Sydney, Australia
Nationality: Australian
Health: Excellent
Marital Status: Married
Permanent Residency Status: Federated States of Micronesia
Postal Address: Micronesian Aquaculture and Marine Consultant Services
PO Box 2178, Kolonia, 96941, Pohnpei State
Federated States of Micronesia
E-mail: slindsay@mail.fm, Ph: 691 320 7257

Specialist Fields: Coral Reef Marine Protected Area Development & Training
Tropical Marine Resource Evaluation & Assessment
Tropical Marine Resource Management & Training
Tropical Aquaculture (Marine & Freshwater)
Marine Environmental Impact Assessment
Community Development - Extension/Training
Tropical Fisheries Development
Extensive Developing World Experience
Commercial SCUBA Diver (2815.1) 5,000 hours logged

17 years of professional employment in the field of Coral Reef Marine Resource Management and Assessment, Coral reef Protected Area Development and Implementation, Tropical Marine Fisheries Management and Development, Community Planning and Tropical Aquaculture.

During this period of time I have live and work with a large diversity of indigenous peoples of the Indo-Pacific. This long term association has provide me with an ability to understand, communicate and work with culturally diverse groups of people in a positive manner. I have a good understanding of the cultures and society structures of indigenous people of the Pacific and Asia and have extensive expertise in training indigenous people in my field of expertise.

I have been involved with tropical coral reef marine resource evaluation, assessment and management, marine park development and training and tropical aquaculture for well over a decade and I have been involved with fishery development projects designed to increase employment and incomes for both genders. I have produced training aids to assist the these roles I have undertaken in the past, which have included; scientific journal papers and reports, training courses, training manuals (many of which have been transfer into local island languages), videos presentations, fact sheets, public presentations (all levels of the community) and meetings.

I have provided technical, managerial and marketing advice and information to all sectors of regional governments, communities, private sector companies, NGO's, bilateral and multilateral donor agencies, commercial and developmental financial lending institutions throughout the Insular Pacific region on environmentally sound and economically viable marine resource management and aquaculture (refer below for additional information).

My skills in lateral thinking, strategic planning and coordination of people exemplifies my ability to coordinate and manage my time, time of others, and to work with a group of dedicated people in an efficient manner for both small and large projects.

I have been involved with project design, management, development, implementation, and costing. I have been employed by regional bilateral and multilateral donor organizations such as AusAID, ADB, FAO, SPREP, USAID, NZODA, ICLARM, UNDP, UNEP, GEF and TNC and have written and delivered numerous training and development programs for both island governments and community groups within the region.

I have lived within the Indo-Pacific since 1990 and have worked in the following countries: Australia, Fiji, Tonga, Niue, Palau, Federated States of Micronesia (Kosrae, Yap, Chuuk, Pohnpei), The Commonwealth of the Northern Mariana Islands (Saipan, Rota, Tinian), Marshall Islands, Maldives, Guam, Solomon Islands, American Samoa, Samoa, Cook Islands, Kiribati, Seychelles and Vietnam.

In addition, I have visited the following countries to attend aquaculture meetings and conferences: United States of America (Hawaii, New Orleans, Orlando and San Diego), New Caledonia, Vanuatu, Tuvalu, Philippines and New Zealand.

Education: The Degree of Master of Science (1994).

Thesis submitted and accepted by James Cook University of North Queensland, Zoology Department in March 1994. Title: The reproductive seasonality of two tropical rock oysters Crassostrea echinata (Quoy and Grimard) and Crassostrea sedua (Iredale), from North Queensland, Australia.

1986: Completion of the degree of Science at James Cook University of North Queensland.
Double major in Marine Biology and Zoology.

Professional Affiliations:

Languages:

Australian Marine Science Association	English	Native, Fluent, speak/written
Coral Reef Society	Kosraean	Working, speaking knowledge
Micronesian Island Conservation	Pohnpean	Basic speaking knowledge

World Aquaculture Society
Caribbean Aquaculture Association

Vietnamese

Basic speaking knowledge

The below table summaries the Countries and associated reefs and islands that I have previously worked in.

Country	Location: Island – Atoll – Reef
American Samoa	Tutuila, Manu'a Islands
Australia	Southern, Central, Northern Sections GBR – 18 Reefs
Commonwealth of the Northern Mariana	Saipan, Rota, Tinian
Cook Islands	Rarotonga, Aitutaki, Manihiki
Federated States of Micronesia	Kosrae, Pohnpei, Mwoakilloa, Pingelap, Pakin, Ant, Sawafik, Nukuoro, Chuuk, Yap, Woleai, Ulithi
Fiji	Viti Levu, Vanua Levu, Yasawa, Makogai, Ringgold Islands,
Guam	Guam
Hawaii	Oahu, Hawaii, Maui
Indonesia	Bali
Kiribati	Tarawa, Abaiang
Maldives	Male' and Addu atolls
Marshall Islands	Majuro, Arno, Mili, Knox, Ebon, Namorik, Kwajalein, Likiep, Wotje, Ailinglapalap, Jaluit and Kili atolls
Niue	Niue
New Caledonia	New Caledonia
Palau	Koror, Babeldaob, Peleliu
Papua New Guinea	Madang, Rabaul
Samoa	Upolu, Savai'I
Solomon Islands	Guadalcanal, Malaita, Shortland Islands, New Georgia
Tonga	Tongatapu, Eua
Tuvalu	Funafuti
Vietnam	Nha Trang, Van Thanh Islands.

Below is a summary list of aquaculture species that I have cultured and activities that I have undertaken within the Pacific islands. These activities involved hands on practical training to many island nationals.

Activity	Hatchery No.	Growout No.
Mud Crabs	Yes 1	Yes 12
Giant Clams (Tridacna)	Yes 10	Yes 48
Pearl Oysters (Pinctada, Pteria)	Yes 6	Yes 14
Rock Oysters (Crassostrea)	Yes 4	Yes 8
Fin Fish - Grouper (4 species)	Yes 1	Yes 5
Fin Fish – Milkfish	Yes 3	Yes 7
Fin Fish – Tilapia	Yes 2	Yes 3
Fin Fish – Barramundi	Yes 1	Yes 5
Fin Fish - Rabbit Fish	No	Yes 3
Fin Fish – Ornamentals (Freshwater & Marine)	Yes 4	Yes 6
Abalone (Tropical & Temperate)	Yes 4	Yes 4
Hard Corals	No	Yes 14
Soft Corals	No	Yes 11
Trochus (2 species)	Yes 10	Wild Release
Turbo sp. (2 species)	Yes 6	Wild Release
Algal Laboratories	Yes 8	Mass Culture 21
Marine Sponges (wool)	No	Yes 15
Marine Prawns	Yes 2	Yes 5
Freshwater Prawns	Yes 1	Yes 2
Freshwater Crayfish	Yes 2	Yes 6
Sea Cucumbers (Beche-de-mer)	No	Yes 3
Aquacultured Live Rock	No	Yes 8
Sea Weed	No	Yes 6
Marine Survey/Stock Assessments		Excess of 40
Aquaculture Location Survey/Evaluations		Excess of 40
Marine Reef Management Plans (MPA)		Total of 15
Aquaculture Legislation Plans		Total of 12
Regulations (Health, Sanitation, CITES ^x)		Total of 11
Environmental Impact Statements-Aquaculture		Total of 13
Aquaculture Marketing		Total of 18

^x CITES (Convention of International Trade in Endangered Species)

Professional Experience Record: The below is a list of my employment record to date (01/11/2002).

Future Contracts/Programs:

- ?? Marine Consultant to develop a management plan for a Mangrove Crab fishery in Kosrae State, FSM.
- ?? Aquaculture Consultant to develop community based mangrove crab farming in Kosrae State, FSM.
- ?? Aquaculture Specialist to undertake a site evaluation to develop and implement a commercial scale rock oyster hatchery and growout operation in Vietnam.
- ?? Marine/Aquaculture Specialist to undertake a resource assessment and make recommendations to the development of sustainable aquaculture opportunities for the communities of Bougainville, Papua New Guinea.
- ?? Marine Protected Area Specialist to undertake a resource assessment of the reef and associated marine flora and fauna and develop a marine management Plan for And Atoll, Pohnpei State, FSM.
- ?? National Project Consultant for the FSM Government to write the nations Climate Change Strategy and Action Plan for the period 2002 - 2007. FSM Government National Report.
- ?? Marine (MAC) Standards Advisory Group Member Marine Aquarium Council. Aquaculture and Marine Specialist.

Country	Project	Client	Date	Activity Type
Maldives CURRENT	Marine Consultant. Designing a marine assessment program for the northern atolls of the Maldives	AusAID AMSAT Pty Ltd.	2002 1 weeks	Environmental Management. Marine Protected Areas
FSM CURRENT	Aquaculture Specialist to develop an Aquaculture Profile for the FSM, including past, present activities and future economically and environmentally sound programs.	SPC/FSM	2002 2 weeks	Aquaculture – Technical Review
Maldives	Invited speaker. Environmental Management and Tourism	IFC/URS	2002 1 week	Environmental Management
Maldives	Marine Protected Area Specialist on the AusAID Funded Maldives Protected Areas System Project. Coral reef and marine resource assessment and monitoring program development (2 nd input).	AusAID AMSAT Pty Ltd.	2002 4 weeks	Environmental Management. Marine Protected Areas

Marshall Islands	Marine Protected Area Specialist to develop and finalise a marine management plan for Jaluit atoll, Marshall Islands (RMI).	SPREP	2002 5 weeks	Environmental Management – Biodiversity Program
FSM	National Project Consultant. World Summit on Sustainable Development. FSM National Report.	UNDP-FSM Government	2002 3 Weeks	Environmental Management – Biodiversity Program
FSM	Pohnpei States Project Proposal for Submission to the International Waters Project.	SPREP FSM National and State Govt.	2002 3 weeks	Environmental Management Grant Formulation.
Maldives	Marine Protected Area Specialist. Maldives Protected Areas System project.	AusAID – AMSAT Pty Ltd.	2002 5 weeks	Environmental Management. Marine Protected Areas
FSM	Marine Technical Expert: Site Conservation Planning (SCP) methodology and Implementation.	TNC & Conservation Society of Pohnpei	2002 2 Week Workshop	Environmental Management – Biodiversity Program
FSM	National Project Consultant. FSM National Biodiversity Strategy & Action Plan	UNDP-FSM Government	2001-2001 6 Months	Environmental Management – Biodiversity Program
FSM	Technical Adviser: Review and Designing a Mangrove crab culture project for Kosrae State, FSM. Alternative Income Generation Initiative.	Kosrae State Government	2002 1 Week	Aquaculture – Technical Review Marine Resource Management
FSM	Technical Expert Protected Area Specialist: Designing FSM Marine Protected Areas Systems.	TNC	2001 2 Week Workshop	Environmental Management – Biodiversity Program
Samoa	Appraisal of the IUCN Marine Protected Area for the possibility of long-term sustainable community based Aquaculture programs.	IUCN AusAID	2001 2 Weeks	Aquaculture – Technical Review Marine Resource Management
Samoa	To undertake a training course on Mud crab growout and bivalve hatchery techniques for the staff of the Samoan Fisheries Division.	AusAID – GRM Pty Ltd	2001 1 Months	Aquaculture – Technical Development
Pohnpei State -FSM	Rehabilitation and training of staff to develop a commercial milkfish farm. Continued Project	SPPF-World Bank, SCK Fisheries Pty Ltd.	2001 1 Month	Aquaculture Marine resource Management

Pohnpei State-FSM	Marine Protected Area Specialist Resources evaluation of U Municipal Coral reefs (inshore and offshore) to develop a Marine Management Plan & Marine Protected Areas.	Packard Foundation Pohnpei Conservation Society	2001 3 Weeks	Marine Resource Management. Biodiversity Program
Australia	Technical Assessment Panel Member. Indian –Australian Training & Capacity Building Project Coral reef Conservation & management	GRM Australia	2001	Technical Evaluation and Review
Samoa	To undertake a training course on bivalve hatchery techniques for the staff of the Samoan Fisheries Division.	AusAID – GRM Pty Ltd	2001 1 Months	Aquaculture – Technical Development
Pohnpei State -FSM	Rehabilitation and training of staff to develop a commercial milkfish farm.	SPPF-World Bank, SCK Fisheries Pty Ltd.	2001 1 Month	Aquaculture Marine resource Management
Kosrae State -FSM	Marine Protected Area Specialist Resource evaluation of commercially harvested sea cucumbers in Kosrae.	MAREPAC	2001 2 Weeks	Marine Resource Management.
Samoa, Fiji, FSM, RMI, Palau, Guam & CNIM	“Review of ships’ waste reception facilities in Pacific island Ports”. Improving Ship waste management Protocols	SPREP, URS (LeProvost Dames & Moore)	2000 2 Months	Marine Resource Management.
Republic of Palau	Technical review on the rehabilitation & development of a commercial milkfish and Mangrove crab farm operations.	SPPF- World Bank	2000 1 Week	Aquaculture – Technical Review & Development.
Kosrae State-FSM	Appraisal of the Kosrae State Marine Protected Area for the possibility of long-term sustainable community based Aquaculture programs.	SPREP	2000 2 Weeks	Aquaculture – Technical Review Marine Resource Management
Samoa	To finalise the water and aeration systems of the governments tropical marine bivalve hatchery.	AusAID – GRM Pty Ltd	2000 1 .5 Months	Aquaculture – Technical Development
Pohnpei State –FSM	Marine Protected Area Specialist resources evaluation of two tropical reefs to develop a Marine Management Plan & Marine Protected Areas.	NZODA PCS	2000 2 Weeks	Marine Resource Management. Biodiversity Program

Republic of the Marshall Is.	Marine Protected Area Specialist resources evaluation of Jaluit atoll to develop a Marine Management Plan & Marine Protected Areas	SPREP	2000 2 Months	Marine resource Management. Biodiversity Program
Pohnpei State -FSM	Marine Resource appraisal-Ship Grounding on a Coral reef.	Pohnpei State Government	2000 1 Week	Marine Resource Management.
Pohnpei State -FSM	Technical review on the rehabilitation of a commercial milkfish farm	SPPF – World bank	2000 1 Week	Aquaculture – Technical Review
Fiji	Pearl Oyster Farm appraisal.	Private	2000 2 Weeks	Aquaculture – Technical Review
Solomon Is	Pearl farming development appraisal fro the Solomon Island Government	ADB, Gillett and Preston Associates	2000 1 Month	Aquaculture – Technical Review & Development.
FSM	Report “Status of Coral Reefs in the FSM”.	AIMS	1999 2 weeks	Marine Resource Management Biodiversity Program
Samoa	Technical manual: Aquaculture Production & Methods for Tropical Bivalves.	AusAID	1999 1 month	Aquaculture – Technical Development
FSM	Appraisal Nukuoran Pearl Oyster Farm and Training Course Development	FSM Government	1999 2 Months	Aquaculture – Technical Review & Development
Pohnpei State -FSM	Marine Resource Appraisal-Ship Grounding – Nukuoro atoll	Pohnpei State Government	1999 1 Week	Marine Resource Management.
Pohnpei State - FSM	Marine resources evaluation of Pakin, Pingelap and Mwoakilloa atolls for the development of community based pearl oyster farming.	Pohnpei State Government	1999 4 Weeks	Aquaculture – Technical Review & Development
Fiji	Development of community based hard coral farm.	Private	1999 3 weeks	Aquaculture - Technical Review & Development
Samoa	Design & Equipment Purchase for a Tropical Mollusc Hatchery	AusAID	1999 1.5 Months	Aquaculture – Technical Review & Development
Pohnpei State - FSM	Develop a commercial milkfish growout and rearing farm	SPPF – World bank. SCK Fisheries Pty Ltd.	1998 3 Months	Aquaculture – Technical Review & Development

Vietnam	Evaluation of a share market prospectus of a Commercial Pearl Operation.	Private	1999 1 Week	Aquaculture – Technical Review & Development
FSM	Development of a communities based hard coral farm	Community	1998 2 Weeks	Aquaculture - Technical Review & Development
Vietnam	Deputy General Manger – all biological/technical aspects of culturing four species of pearl oysters <i>Pinctada maxima</i> , <i>P. margaritifera</i> , <i>P. fucata</i> , <i>martensii</i> and <i>Pteria penguin</i>	Private Nha Trang Pearls Ltd.	1998 7 Months	Aquaculture - Technical Research & Development
Australia	Scientific Officer- Design and implementation of a abalone hatchery	NSW Fisheries	1997-8 6 Months	Aquaculture - Technical Research & Development
Seychelles	Evaluation Pearl farm operations	Private	1997 2 Months	Aquaculture - Technical Review & Development
Pohnpei State - FSM	Appraisal, Training & development of the Nukuoran Pearl Oyster Farm	FSM Government	1997 2 months	Aquaculture – Technical Review & Development
Cook Island	Evaluation and development of Pearl Farm operations	Private Pauvea Pearls Ltd.	1996 6 Weeks	Aquaculture – Technical Review & Development
Australia	Advisor Marine Bivalve Hatchery Commercial rock Oysters	Private Broomshead Oysters Ltd.	1996 5 Weeks	Aquaculture – Technical Review
US Affiliated Pacific Islands	US affiliated Pacific Islands Aquaculture (Marine Environment) Extension Agent.	Land Grant, Sea Grant Hawaii	1991 – 1996 5 years	Aquaculture – Training, development and appraisal.
Australia	Research Officer – Zoology Department. Giant Clam research Project -ACIAR	James Cook University	1991-1987 5 years	Aquaculture - Technical Research & Development
Niue	Marine Protected Area Specialist resources evaluation of the marine inshore flora and fauna.	FAO, SPC, JCU	1990 5 Weeks	Marine Resource Management
Tonga	Appraisal & Training Tongan Fisheries, giant clam facility	James Cook University	1989 5 Weeks	Aquaculture – Technical Review & Development

Fiji	Marine resources evaluation of the northern reefs.	James Cook University, Fiji fisheries	1988 3 Weeks	Marine Resource Management

Conferences Attended:

- ?? 1988. 6th international Coral Reef Symposium. James Cook University, Townsville, Queensland, Australia.
- ?? 1988. ACIAR Giant Clam conference workshop for Asian and Pacific Island countries. James Cook University, Townsville, Queensland, Australia.
- ?? 1991, 1992. Pacific Island Network advisory meeting. A presentation was given at both meetings.
- ?? 1991. ACIAR Giant Clam conference workshop for Asian and Pacific Island countries. James Cook University, Townsville, Queensland, Australia.
- ?? 1992. World Aquaculture 92 and Trade exposition, Orlando, Florida, USA. A poster was presented on aquaculture activities in the US Affiliated Pacific Islands.
- ?? 1992, 1993, 1994, 1995. Centre for Tropical and Sub Tropical Industry Advisory council meeting, Honolulu, Hawaii. A presentation was given to the council at each meeting.
- ?? 1992, 1993, 1994, 1995. Centre for Tropical and Sub Tropical Industry Technical aquaculture meeting, Honolulu, Hawaii. A presentation was given to the council at each meeting.
- ?? 1992, 1993, 1994, 1995. Pacific Aquaculture Association advisory meeting, Honolulu, Hawaii. A presentation was given at each meeting. I held the position of Technical Chairman for three years.
- ?? 1992. Genetics aspects of conservation and cultivation of giant clams. ICLARM headquarters,
- ?? Makati, Metro Manila, Philippines. A presentation and paper were given.
- ?? 1992. ACIAR giant clam conference on the Biology and Mariculture of Giant Clams. Held in conjunction with the 7th International Coral reef Symposium, Guam.
- ?? 1992. 7th International Coral reef Symposium, Guam.
- ?? 1994. World Aquaculture 94 and Trade Exposition, New Orleans, USA.
- ?? 1994. Pearls 94, Honolulu, Hawaii.
- ?? 1994. The UNDP-FAO South Pacific Aquaculture meeting, Fiji. A presentation was given.
- ?? 1995. World Aquaculture 95, San Diego, USA.
- ?? 1995. South Pacific Commission/ Foreign Fisheries Agency South Pacific Workshop on the management of the South Pacific Inshore Fisheries, Noumea, New Caledonia. A presentation was given.
- ?? 1995. The combined Japanese (JICA) and Tongan Fisheries conference on Aquaculture Development within the Pacific. A presentation and paper were provided.
- ?? 1996. Attended the ACIAR Black Pearl Oysters project completion meeting at James Cook University, Townsville. A presentation was given.
- ?? 1999. World Aquaculture 99, Sydney, Australia.
- ?? 1999. FSM National Summit, Pohnpei, FSM.

- ?? 2000. 9th International Coral Reef Symposium, Bali, Indonesia.
- ?? 2000 FSM National Resource and Development Conference, Pohnpei, FSM.
- ?? 2001 FSM First National Biodiversity Strategy & Action Plan Workshop, Pohnpei, FSM.
- ?? 2001 Second FSM Environmental Conservation Trust Fund Organising Committee Workshop, Pohnpei, FSM.
- ?? 2001. First Ecoregional Planning workshop to develop a FSM list of potential Marine and Terrestrial protected areas. Pohnpei FSM.
- ?? 2002 FSM Second National Biodiversity Strategy & Action Plan Workshop, Pohnpei, FSM.
- ?? 2002. Second Ecoregional Planning workshop to develop a FSM list of Potential Marine and Terrestrial Protected Areas. Pohnpei FSM.
- ?? 2002. Third Ecoregional Plan Consultation Workshop to further develop and redefine the list of Potential marine and Terrestrial Protected Areas. Pohnpei, FSM.
