**ARTIFICIAL REEF**

**BY Cosmo Enterprise Pte, Ltd.**

With Cosmo Enterprise Pte. Ltd. we are working *under the sea* to protect the Maldivian environment. We are constructing artificial reefs with license of the Reef Ball Organization of Sarasota, Florida U.S.A.

The reef balls also are making the best wave breaking walls to prevent sea erosion along the sandy beaches of fishermen islands and tourist resorts.

In cooperation with PADI we are now monitoring in Thulhagiri Resort the growth of coral on reef balls

positioned at different depth and carrying out studies of fishes attracted by this new artificial reef.
