Pumping air into balls to create holes

JeJe Watson is the Reef Ball Wizard and runs the project at Discovery Village.

Kristen Diggs, Melissa Peters, Deborah Boyd assist JJ Watson and other volunteers in final assembly

Volunteer with Llyod Lewis (just named CBF Volunteer of the Year!)

ingenius design!

Karl Willey explains how the reef balls work

CBF's HR Dept volunteer their services - Kristen, Roxanne, Deborah and Melissa

Pouring concrete in prepared molds

Completed mold will sit overnight

Here is the finished product! This reef ball will provide habitat for fish and other aquatic life, while providing a surface for oysters to attach and filter water. See [CBF's](#) website for more info on oyster reefs and reef balls.
